This unique product is incredibly useful for making house calls. It is made of thick, durable steel and powder coated in a bright red finish. Each bracket has a scratch preventing liner to protect your drives. It also has a simple stabilizing system with 2 Nylon Thumb Screws to help keep drives upright. It fits in any standard 2" receiver. Check out the [ME-113](#), its the same unique design but on wheels!

Note: This product is NOT meant for transporting outdrives!
